

AICPA's Annual Update for Controllers

Let us bring you up-to-date on the latest trends in accounting, corporate finance, treasury management and business systems. Learn all about leading-edge topics in managerial accounting and finance in a session that is packed with useful tips and how-to guidance that you can apply immediately. More than half of the material is new every year, and existing topics are updated for new approaches in implementation or application.

OBJECTIVES

Upon completion of this course, participants will be able to:

- Understand current issues that impact a firm's financial stability
- Deal with major trends in accounting, corporate finance, treasury management and business systems
- Use new tools for business planning, forecasting, budgeting and reporting

HIGHLIGHTS

- Leading-edge financial management tools and techniques
- New issues in treasury management and controllership
- Current trends in information systems and technology
- Current trends in leading and developing staff to increase productivity and profitability

WHO WILL BENEFIT

- Owners, controllers, treasurers, financial officers and other financial managers in companies or divisions with less than \$250 million in sales
