

## **Thank you for participating in the ARCPA Day of Service!**

Tell us about your experience as an Individual! Please report your individual volunteer activity/activities to Robin Harris by **Thursday, December 5**. This will allow us to calculate the collective impact of our volunteer efforts and share the amazing work of members across the state. At a minimum, please indicate hours of service and the organization benefiting from your activities, as well as volunteer tasks performed.

Please upload your photos so that we may include them in the next ARCPA E-Newsletter and on social media. Upload or drag and drop your photos to the link below (after typing your name, email address, and company name):
